

1 Login to www.patientfusion.com
*Sign up if you haven't done so.

2 Click "Health Records" on the left panel.

3 Click "Export" button on the upper right corner.

4

Export Health Record Options

Choose either to save it in your computer or send yourself an email.

Export Health Record [X]

Download or transmit your clinical information using a HL7 Clinical Document Architecture compliant XML file such as Continuity of Care Document (CCD). Documents in this format can be easily updated into most electronic health records and personal health records.

You can save this file to your hard drive or external storage device such as a USB drive. Or you can email it. An option to encrypt and password protect is available when emailing. If using this feature you must share the password with the recipient or they will not be able to open the file.

Download to this computer or an external storage device (e.g. USB Drive) *Option B*

Transmit via email *Option A*

5

Option A: Email to yourself or to your physician.

Fillout the email address on top and click “Transmit Health Record Summary”

Transmit Health Record [X]
